### PROFILE SUMMARY:

Seeking a position within a reputable organization to apply technical database and management skills for the organization's advancement, while also aiming to expand knowledge of new and emerging technologies and trends. Possessing excellent communication and collaboration skills, combined to translate complex requirements into actionable solutions. Eager to contribute to a dynamic organization and leverage skills to support the organization.

### ACADEMIC PROJECTS:

#### RATIO ANALYSIS

##### Research Project on Pharmaceutical Industry Financial Analysis:

The study aimed to analyze and compare the financial performance of two prominent companies, Dr Reddy's Laboratories and Divi's Laboratories. The primary objectives included evaluating the companies based on selected financial ratios, assessing their overall financial performance and operational efficiency. This research honed my skills in quantitative data analysis and provided a deep understanding of financial ratio analysis within the pharmaceutical industry. It showcased my ability to synthesize complex financial information, draw meaningful conclusions, and offer strategic recommendations for business improvement.
